

Example of a layer 3 (logical) diagram for 198.32.128.0/22

Subnet summary
5 subnets

198.32.128.0/23	
198.32.131.0/24	
198.32.130.0/25	
198.32.130.128/26	
198.32.130.192/30	
198.32.130.196/30	UNUSED
198.32.130.200/29	UNUSED
198.32.130.208/28	UNUSED
198.32.130.224/27	UNUSED

Label each subnet internally with the ip network address.

Label each link from router to subnet with enough information about the specific ip address for that interface
