

**Justification for the prerequisite change of
CGS 3767 Computer Operating Systems**

CNT4403 requires introductory level programming knowledge.

Hence, changing the prerequisite from "COP2210 or COP2250" to "COP2210 or COP2250 or COP2270" will allow students who have already completed COP2270 to enroll in CGS3767 and expedite their minor completion.

Please note that the corequisite remains unchanged (none).
